GUEST SPEAKER

Our guest speakers for this evening were Mr. Richard Zeh and Mr. Richard Hendrix. The topic for this evening was Concealed Weapon carrying. Though some feel that it is wrong to do so. Others are do not. In the year 2004 it became legal to carry a concealed weapon in the state of Ohio. But you must take and pass the CCW course in order to do so. People should never carry guns because they are looking for a fight. But they should carry one as a means of protection.

There are now several states that follow this same practice. Some States are shall states - where the state has the right to give permission for an individual to carry a concealed weapon. A May Issue is - You have to put in an application and then appear in front of the courts to explain why you should be allowed to do this. Statistics have shown that crime in Akron has gone down since Ohio is a CC State. Again this is not for someone to go pick a fight, It is as a means of protection and you must take the class before you can even carry the weapon. And receive an Ohio CCW License. Both Mr. Zeh and Mr. Hendrix are certified Instructors for the Basic Pistol Course. For any questions please contact them.

Thanks to both of you for speaking at our meeting this evening. I know personally it cleared up a lot of mis conceptions for me. Being a person who is scared of guns I think it would be wise on my part to take this course and learn the respect that the guns deserve. As they say "Guns don't kill people - People do."
