SPEAKER

PRESIDENT BETTY SCHADL introduced our speaker for the evening, Sara Szunyogh. of BioEngenics, at Green YMCA. Sara is a yoga instructor and Wellness instructor. She spoke educating people about their bodies and how important it is to find what will work for you in your life. We all need to ask ourselves "What are our Dreams", and then work on making it happen. We all need to evaluate what we eat and medicines we use and the impact they have on our bodies. She made note of the tapes she used and the fact that our bodies are constantly renewing themselves throughout our lives. Her goal is to try to help us get there. There is information at the Civic Center for those who would like to make an appointment with her.
